DETAILED ACTION

Continued Examination Under 37 CFR 1.114

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on August 1st, 2003 has been entered.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims **33,60-61,63-68,70-75** and **77-82** are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The apparatus claims are **replete with functional language**, making the structural limitations difficult to comprehend. It is unclear how Applicants intend the verbose functional language to be treated. The apparatus claims may be drafted as **"means plus function"** clauses, to give such recitations full patentable weight. The same applies to the apparatus "limitations" added to the method claims. Moreover, it is unclear how the preamble of claim 60 is intended. If claim 60 is a method of converting the separator specified in that claim, then a first step of "providing" that separator should first be recited. Should Applicants elect to re-draft the claims, they are urged to comply

with **37 CFR 1.75(i)**, which states: "**Where a claim sets forth a plurality of elements or steps, each element or step of the claim should be separated by a line indentation.**"

Claim Objections

Claims **69,76** and **83** are objected to under 37 CFR 1.75(c) as being in improper form because a multiple dependent claim cannot depend from another multiple dependent claim. See MPEP § 608.01(n). Accordingly, claims **69,76** and **83** have not been further treated on the merits.
